

Call for Papers

Davos Digital Forum 2022

The Davos Digital Forum will take place on 22 September 2022. Join the interactive venue focusing on the implementation of digital topics.

Initiated in 2018, the Davos Digital Forum (DDF) hosts several hundred guests from all around the world and offers a range of informative speeches and workshops on topics related to Digital Transformation like E-Mobility, Sustainability, Sharing Economy, E-Government, Digital Governance, New Work, Digital Health and many more (list is not conclusive).

For the second time we present **«Fresh thinking from University. The Academic Track at Davos Digital Forum»** with the following goals:

- Creation of a platform, where researchers (students and lecturers) present their findings on digital topics
- Publication of all presentations in a digital format («Conference Proceedings», with ISBN).

CALL FOR PAPERS (Deadline 15 August 2022)

Paper submission via <https://davosdigitalforum.ch/academic-track-22/>
(in English or German) covering topics related to Digital Transformation
(see examples above). We provide:

- The review and selection procedure via the Academic Board
- Poster presentations and presentations at DDF 2022
- Publication of all presented papers in the DDF Conference Proceedings

Next steps:

- | | |
|------------------------------------|------------------------------------|
| - «Call for Papers» | Submission deadline 15 August 2022 |
